

The M2.96-145 DMS-W is a 5-digit display for measuring force/weight by means of strain gauges or load cells and visual limit value monitoring via the display. The configuration is done via four front keys or by means of an optional PC software. Optionally, 2 switching points are available. Selectable software functions, a direct limit value adjustment in the operating mode and the compact installation depth of 89 mm form a solid device concept.

Technical data	
Power supply	240AC, 230AC, 24DC, -, 10-30DC, 40DC
Measuring input	DMS Wägetechnik
Number of digits	5
Digit height	14 mm
Width × height	96 x 48 mm

Variants (4)
