

The M3.96-145 DMS-W is a 5-digit display for measuring force / weight by means of strain gauges or load cells and visual limit value monitoring via the display. The display is configurable via 4 front keys or by means of optional PC software. Optionally 2 analog outputs, interfaces RS232/RS485 and up to 8 setpoints are available. Selectable software functions and a direct limit value adjustment in the operating mode complete the modern device concept.

Technical data	
Power supply	240AC, 230AC, 24DC, -, 10-30DC, 40DC
Measuring input	DMS Wägetechnik
Number of digits	5
Digit height	14 mm
Width × height	96 x 48 mm

Variants (6)
